

## Soft Shell

### Disinfectant Spray

**Hard On Damaging Microbes.  
Soft on Soft Surfaces.**

You disinfect your hard surfaces. But damaging mold, mildew and bacteria can also grow on soft surfaces like mattresses, chairs, carpet and curtains.

The good news: all natural **ZEP Soft Shell** spray disinfectant is EPA approved for use on all these surfaces to prevent the damage, staining and offensive odors harmful microbes can cause.

- **All natural bio-renewable formulation derived from crab shell extracts**
- **Dependable, effective protection**
- **Prevents damage and odors caused by fungus, bacteria, mold and mildew**
- **EPA registered for use on soft substrates**

**The Look of a True Professional.**  
Performance That Leaves No Doubt.
